The discussion was general, Mr. Haddon giving notice that he would offer in the Council a substitute granting the franchise to the Richmond and Henrico Raliway Company at its bid of \$10. firmatively shown that the service renfirmatively snown that the service rea-dered by the existing company is not adequate, or that the prices are unrea-sonable, your committee beg leave to recommend that both of the bids sub-mitted to said committee be rejected, and that the franchise be not granted

to either of said bidders, for the fol-lowing reasons:

Not in Proper Form.

The pending franchise is not in the best or proper form to protect the city and at the same time secure an adeand at the same time sector and at the same time service. The City Attorney has advised your committee that this franchise was not in the best form, and that he would not draw a franchise in that he would not draw a franchise in this form. The best form of franchise should designate the streets to be oc-cupied by the works of the proposed company, and in the absence of such designation should present.

company, and in the absence of such designation should prescribe the sec-tions of the city to be successively oc-cupled from time to time, and the time within which the construction should be completed.

This franchise fails to conform to the opinion of the City Attorney, since the opinion of the City Attorney, since it is a general grant, and does no designate the streets to be occupied but undertakes to delegate to the Committee on Streets the power to desig nate streets and routes, and to wha extent the rights proposed to granted can be exercised by grantee, this absolute power be granted to the Committee on Str

Put Burden on Cittorns.

Section 8, clause 2, gives to the city the power to require the grantee to extend its lines to any part of the city. extend its lines to any part of the city, but this is open to the objection that it imposes on the city the obligation of taking the initiative to require any extension, and that citizens who desire extensions of lines built under such a franchise would first have to obtain, at the hands of the Council, an ordinance requiring such extension. On the other hand, your committee is of the opinion that under the terms and conditions of the franchise the grantee is conceded the right, irrespective of the wishes of the Council or Street the wishes of the Council or Street Committee, to use any and all streets of the city, and the Council have no power to deter them from using any route they may select or tearing up

any street. Under the ordinance there is no ti

fixed within which the proposed work is to be completed except the general provision as to developing 5,000 K. W. OYSTER REI Can Provide Better Plan.

Can Provide Better Plan.

Your committee are of opinion that if competition is desired, provision should be made to secure competitive service in all parts of the city. This can be accomplished, as was suggested by the City Attorney, by providing that the work should be constructed in certain designated sections of the city, within certain specified times, under proper regulations, and providing adequate penalties and forfeitures in the event of their failure to comply.

Your committee also calls attention to the fact that there is no bond required for the removal of the works of the company from the streets of the city at the expiration of the fran

city at the expiration of the fran-chise. They are of opinion that such a provision should be included in any franchise granted by the city.

Serious Legal Objections

On the ground that the franchise for sale of light and power as advertised is not in proper or the best form, the Council of the Council and the Extent therefore open to serious objection. The subcommittee appointed to draw up a statement of reasons actuating the committee appointed to draw up a statement of reasons actuating the committee that the City Attorney and advised that the franchise dependent upon the sale of the franchise of the franchise dependent upon the franchise of uncertain value, which was adopted, stating that a proper eturn for the valuable rights of this kind should not be indefinite at the interests of the city, and prescribing the exact conditions of the grant, so that the Council may, if it so desires, order a new advertisement for proposals.
